

Celebrating Our Independence

As our nation celebrates its independence on July 4th, PASS-represented employees at the Federal Aviation Administration will be working side-by-side with thousands of dedicated federal workers who will be on the job protecting our fellow citizens. Fireworks will be lighting up the sky “from sea to shining sea” Wednesday night and PASS members will be keeping the National Airspace System safe for the flying public. Proud to serve our country today and every day. Fly safe, be safe.
